

Up-Gradation of Existing ITIs Into Model ITIs.

Under a central sponsored scheme" Up-gradation of existing ITIs into Model ITIs", two ITIs viz. ITI Jammu and ITI Srinagar have been proposed to be up-gradated as Model ITI which will serve as a model for other ITIs. Each ITI would be provided funds up to Rs. 10.00 crores not only for up-gradation of infrastructure but also for procuring the latest tools/equipment/machinery required for the introduction of new trades/up-gradation of existing trades.

A Tri-partite Memorandum of Association will be signed between an Industry partner known as Chairman IMC ITI, UT Administration and Centre Govt., based on which certain Key Performance Indicators (KPIs) along with the target values assigned with each are to be fulfilled.

The Scheme is in its infancy yet.
